

HB 1376 Legislative Sponsors Index

DEPLOYMENT GUIDE & TECHNICAL ASSET FOR SAVETNHEMP.COM

This document registers the verified primary sponsor and cosponsors of House Bill 1376 (Public Chapter 526) alongside layout recommendations for your web development team to maximize voter engagement and geographic sorting capabilities.

STRATEGIC WEB DEPLOYMENT RECOMMENDATION

- 1. Data Correction Notice:** The raw data pulled from legislative indices incorrectly tagged these lawmakers with the "Sen." prefix. All individuals listed below belong exclusively to the **Tennessee House of Representatives**. Your developer must label them as **"Rep."** on the website to maintain strict data integrity.
- 2. Interactive Voter Action Functionality:** Rather than formatting this as a static list, instruct your developer to build an interactive layout grouped by region or city. Include an explicit *"Click to Contact"* action string linked directly to their official state email directories so that Tennessee voters visiting **savetnhemp.com** can instantly tell their local representative to change course on the total THC caps and product bans.
